PYRAMID LAKE RESERVATION TO BE OPENED

Word was received in this city yesterday from the Pyramid Lake reservation, in which it was stated that a corps of 21 surveyors under Chief Engineer Guy P. Harrington had arrived at that place and had taken up the work of surveying and platting the reservation for the government. The land is being sectioned and it is stated that it is being subdivided into blocks of land containing twenty acres.

It is the general belief that the government is preparing to throw the reservation open to settlers and that the work now being done will be finished in time for the opening to take place this fall.

The Pyramid Lake reservation is considered to be one of the finest sections of land within the state and particularly fitted for agricultural purposes. The land surrounds Pyramid lake, which contains about 150,000 acres, and the lands in the reservation total about 294,000 acres. The reservation is situated in Washoe and Humboldt counties.

JAMES DOUGLASS DIED IN FRANKFORT, MO.

James R. Douglass, a resident of this city for many years, died at Frankfort, Pike county, Missouri, July 8. He conducted a stock brokerage office in the Douglass building during the boom in prices in 1880, leaving here in the '90s for the place where he received the final summons. He was 56 years of age and leaves a widow and three children. Mr. Douglass came to Virginia City in 1878.—Chronicle.

ELKO SHERIFF DOES A GOOD STROKE OF BUSINESS

Friday night the sheriff and district attorney of Elko county raided an alleged gambling house at Elko, taking a number of men into custody. The visit was so timed as to catch several members of the "ocean-to-ocean" party. As four of these men deposited cash bail of \$250 each, which they forfeited, Elko county gets a pretty fair rake-off.—Silver State.

This Letter Typifies the Attitude of All Users

Gentlemen:
While in Nevada recently I had occasion to drink out of one of your South African Water Bags. Water from the bag certainly tastes good in the desert. We used one of your 25 gallon bags and the water remained cool all day, even though the temperature was over 100° in the shade, and in the morning I found the water sparkling and as cold as ice water. It certainly is a boon to those living in the arid regions.
Yours sincerely, W. E. WIDER

KANSAS CITY DIVORCES ASTOUND EVEN JUDGES

KANSAS CITY, Aug. 3.—Nineteen hundred marriage licenses have been issued in this city since January 1 and during that time 600 suits for divorce have been filed. This shows an increase in the number of divorce suits brought here, as a year ago it was found that a ratio of one divorce suit to every four marriage licenses was maintained. Judge Porterfield, of the juvenile court, said today that the situation demanded immediate improvement.
"Instead of devoting so much at-

tention of more stringent divorce laws," he said, "it would be far more effective to make more stringent laws governing marriages. You cannot legislate divorces and broken homes out of existence so long as just anybody can get married regardless of mental and physical defects."

"There ought to be a commission to pass on the mental and physical condition of applicants for marriage licenses, and on the earning capacity of men."

EXTENSIVE DEVELOPMENT FOR ELY CON.

The important announcement was made this week by James Quinn, manager of the Ely Consolidated Mines company, that the extension of the south drift on the 500-foot level of the Zack mine will at once be extended to the workings of the American mine, a distance of about 3000 feet. The drift will follow the trend of the cross vein which from present developments at the Zack is leading almost directly to the American workings.

In case that the vein should vary from its present course, a lateral drift will be run to the American workings for air and to provide another outlet from the workings. It is also planned to inaugurate extensive development work on the 600-foot level by a crosscut to the southwest to encounter the ore bodies. This work is now in progress and it is expected that the first of the veins will be struck during the coming week. Drifts will be run along these veins in either direction and the ore blocked out.—Ely Record.

NOTICE!

We wish to announce that we have installed new machinery and we are making a first class cream that is free from any cooked taste that so many object to. We also carry cooking milk, or separated milk. It is excellent for pastry and general cooking. Twenty-five cents per gallon or 15c per half gallon. It is nearly as good as San Francisco whole milk. Try it and you will like it. We also carry good butter-milk. Try our milk. It is A-1. A trial bottle free will convince you.
